## ABOUT ME

Veerendra is a passionate web developer currently pursuing a Bachelor of Computer Applications (BCA) in his 4th semester. With a strong foundation in HTML, CSS, and JavaScript, he is keenly focused on mastering the MERN stack (MongoDB, Express.js, React, and Node.js) to build dynamic and scalable web applications. He enjoys problem-solving, writing clean and efficient code, and continuously learning new technologies to enhance his development skills. Veerendra is eager to create innovative web solutions and contribute to the ever-evolving world of web development.

## EDUCATION

**2023 - 2026**

vskub university

### BACHELOR OF COMPUTER APPLICATION

The Bachelor of Computer Applications (BCA) is a three-year undergraduate program that focuses on computer science, programming, and software development. It covers topics like databases, web development, networking, and emerging technologies, preparing students for careers in IT and software industries.
